BASIC MATT POLYESTER XTRA LIFE LYCRA SUBLIMATION

Carvico's Matt Polyester XTRA LIFE LYCRA® fabric meets the highest quality standards for sublimation technology. The benefits of Invista's XTRA LIFE LYCRA® yarn technology, combined with the natural benefits of Polyester, makes this product the perfect choice for a sport or swim sublimation base. Also great for splicing when using nylon colours with a low colourfastness value.

The hard wearing, quick drying and maximum durability of Polyester, combined with Invista's XTRA LIFE LYCRA®, creates a crisp matt printed finish, whilst still holding its shape and retention. Which, thanks to the long-standing partnership with Invista, uses the latest LYCRA® products that are most suitable in all applications.
