

FEATURES AND BENEFITS

- Great fit and comfort
- Extra strength
- Outstanding quality
- Quick drying
- Shape retention
- Maximum durability
- Premium quality Carvico product
- Branded LYCRA®

SUGGESTED APPLICATIONS

- White base for splicing with Nylon colours
- Performance swimwear
- Fashion swimwear
- Sports uniforms

BRIGHT POLYESTER LYCRA®

Carvico's Bright Polyester LYCRA® yarn technology offers greater Chlorine resistance, wearability and shape retention than fabrics made with ordinary Elastane. The hard wearing, quick drying properties and maximum durability of Polyester, combined with LYCRA®, creates a crisp bright finish, whilst still holding its shape and retention.

Bright Polyester LYCRA® is recommended for use in any garment involving splicing between white and a colour with low colour fastness results.

PRODUCT SPECIFICATIONS

Composition:
80% Polyester, 20% LYCRA®

Weight:
200gsm +/- 5%

Width:
150cm +/- 2%
