RECYCLED RENEW BUBBLE

Renew Bubble is a sustainable fabric made of Recycled Polyester. Constructed of a unique mesh texture with a breathable surface that is extremely elastic and fast drying.

Perfect for the creation of active and athleisure garments that require its first layer to be lightweight, comfortable and breathable. Suitable for sublimation printing and also available in Black Recycled ECONYL® Nylon.

SUBLIMATION TEST RESULTS	
LENGTH %	2%
WIDTH%	2%

Sublimation bases can react differently from machine to machine. Please ensure you test each fabric as a variation may occur due to machine settings and paper variation. Recommended sublimation procedure:

- 40 seconds
- 195-205 degrees
- No higher than 205

NOTE: 3-4% Shrinkage is deemed acceptable depending on the fabric type and knit construction.
