RECYCLED SUBLI-SWIFT 2.0

Global Recycled Standard Certified, our Recycled Subli-Swift 2.0 is a naturally quick drying light weight stretch woven made from Recycled pre and post-consumer materials. Designed specifically for the application of run shorts, board shorts or any garment that could benefit from the unique characteristics this fabric offers.

The recycled polyester content combined with the tight woven construction creates an outstanding crisp printed finish.

Due to the fabrics performance features of quick drying, and light weight construction, Recycled Subli-Swift 2.0 is the perfect lightweight sublimation base for the sportswear and swimwear industry.
